## **Car Parking at the Recreation Centre**

This is a private car park specifically for users of the Recreation Centre and those supporting our fundraising events. The Recreation Centre management committee also have an obligation to provide six short stay parking spaces for those using the village shop, which we honour and will continue to do so; these short stay parking bays are located in the small upper car park.

However the Carhampton Recreation Committee has been advised by our landlord that we should instigate a more formal arrangement with those who permanently park their vehicles at the Rec Centre and for overnight parkers. To this end we have decided to introduce parking charges and permits.

All maintenance to the centre is paid for via our fundraising activities, therefore we feel it is reasonable to ask those who regularly park their vehicles overnight and for long stays at the Rec to contribute to the upkeep.

With this in mind the committee are proposing the following charges

- Free Parking is permitted for the first hour, thereafter a charge of £1 for a maximum stay of 5 hours.
- Parking Permits are available for longer stays at £5 per week and £100 for an annual permit.

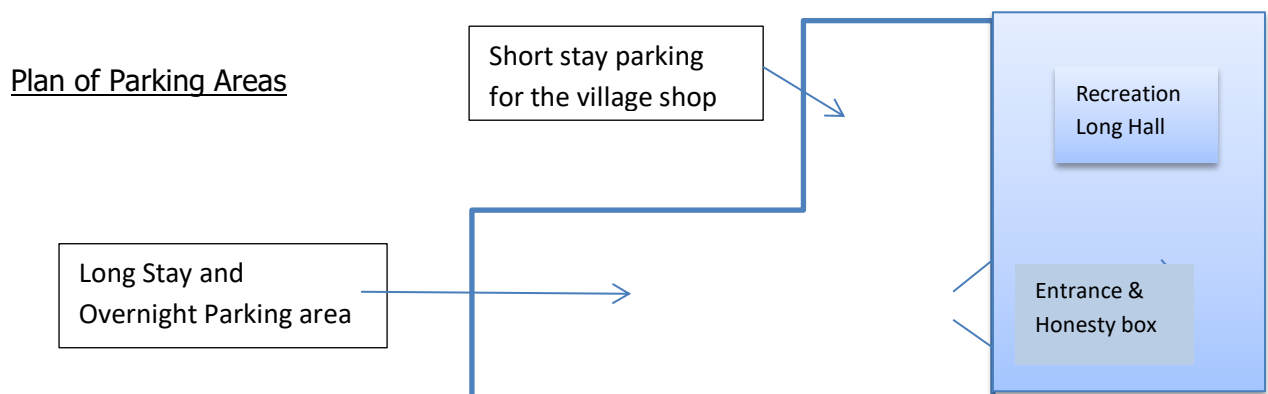

At the present time the car park is in need of some repair. The money raised from the introduction of parking permits will be used to repair and maintain the car park and to improve the facilities at the Rec Centre.

A new sign will be displayed detailing the parking charges and short stay fees can be deposited in the honesty box situated at the main entrance to the building by the double glazed entrance doors.

Please complete the attached application form and either return to the treasurer Lucy Parker, Eastbury Farm, Carhampton or post through the letterbox of the top entrance door (Heritage Centre door). A parking permit will then be issued which will be valid for 12 months and allow permanent parking in the lower car park at the Carhampton Recreation Centre.

Payment can be made by cheque made payable to Carhampton Recreation Group or by BACS.

The Rec Centre and recreation field are a valuable village amenity managed and maintained by a team of dedicated volunteers, please respect their commitment and hard work and help us to preserve and protect this community space for all to enjoy.
